

**Girl Scouts of Swift Water Council
PINK PERMISSION**

Dear Parent or Guardian:

Group Leaders must obtain the written consent of parents or guardians for every Girl Scout wishing to participate in an activity/outing, or meeting held at a different place or time from the regularly scheduled meeting. If your daughter does not return this signed permission slip for the activity, she will not be allowed to participate.

The contact person is the liaison between the group and the parents. The contact person will answer your questions about this activity/trip and will notify parents of the girls of any delay, postponement, or cancellation.

For parent's peace of mind, drivers transporting on Girl Scout activities must be an adult of 18 years or older. It is required that all vehicles used to transport Girl Scouts carry both bodily injury and property damage insurance. Copies of Certificates of Auto Insurance are kept on file with the group Health History forms. Limits of at least \$100,000/\$300,000 bodily and \$50,000 property are suggested. Cars, vans, and station wagons are all suitable vehicles provided each passenger has a proper seat and seat belt.

Leader Name: _____ **Phone:** _____
